dear all,

you might have seen on the COST site (http://www.cost.eu/domains_actions/ict/Actions/IC1104?parties) that two new countries have indicated interest in joining the action. one country is luxembourg, and the other is macedonia.

as this interest is being expressed after the first year of existence, such a process will require approval by the management committee. a decision by the management committee is thought to be based on considerations concerning issues like the action's budget, to name just one.

i personally feel that it is clearly early enough for these countries to get involved, and i therefore feel we should warmly welcome them as members.

please send me your approval vote (only in case of objection) by responding to this message no later than sunday, october 6th, 2013 at 18:00 CEST.

for today i remain yours with sincere regards.

marcus greferath.
